

27th National Conference 2010

hosted by the Kinesiology Association of Queensland

SHARING THE GIFT OF KINESIOLOGY

22nd, 23rd, 24th October ~ Brisbane Novotel

The Kinesiology Association of Queensland invites you to join them in Brisbane, the 'City of Sun Days' offering delegates a friendly and relaxed environment in which to absorb new information and techniques in the field of Kinesiology.

Be a part of the pre-conference fun on the Thursday night with a River Cruise experience; enjoying the sights and unwinding as the boat cruises the beautiful Brisbane River. The Conference commences on the Friday evening with the AGM, Keynote Speaker followed by the Cocktail Function. Saturday and Sunday will bring forth a variety of topics to support Kinesiologists in their work and learning. The ever popular Saturday night dinner dance for delegates and friends will again be a part of the proceedings with a bountiful buffet and music to dance the hours away. First time delegates are again offered a special rate and a payment plan is available to support students.

The venue for the conference is Novotel Brisbane, a 4.5 star hotel, which is an easy stroll to the heart of the city, the famous Queen Street Mall and the Riverside Boardwalk. A discounted rate for conference delegates has been negotiated and the venue is emphatic that you will not be able to source a better deal via other avenues. So if you want the best accommodation deal you need to book now!

The Airport is only 14ks from the venue and offers an Airtrain that stops at Central Station which is located right next to the venue, only a short 200 metres away. Airtrains depart every 30 minutes from the airport with a reduced rate being available for conference delegates. Details will be sent to you as part of your confirmation.

Contact the Conference Coordinator for further details on:

- Special payment plan for students
- Novotel Accommodation Booking Form
- Trade Tables (limited availability)
